

Stockton Rx Project

Location: South of Stockton UT, on the West bench of the Oquirrh Mountains in-between Dry and Ophir Canyons.

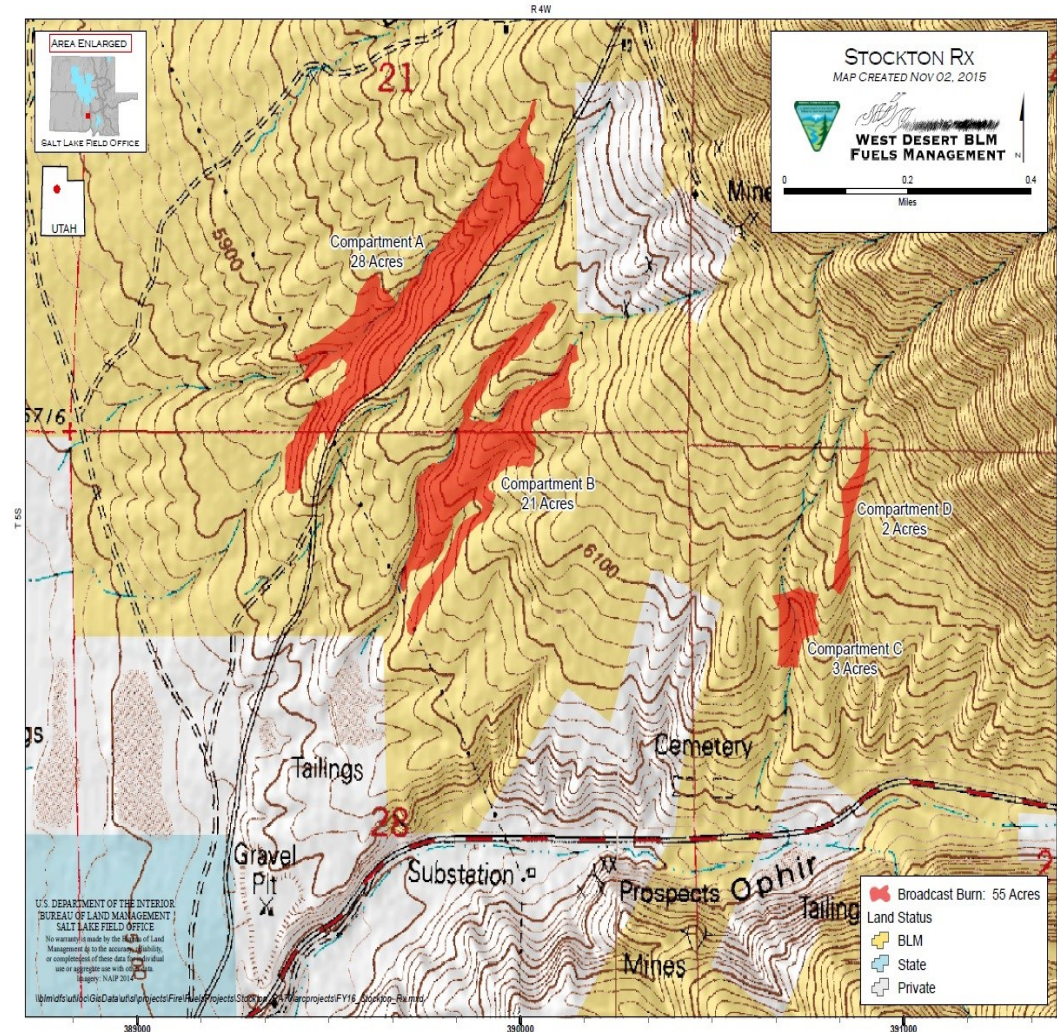

Size: 28 acres

Project Dates: May—June 2016

Objectives: The goals of the project are to reduce hazardous fuels, help protect communities from high intensity wildfires, and to improve sagebrush habitat for wildlife.

Treatment Description: Prescribed fire will be used to burn slash created by previous fuel treatments.

For your safety, please avoid the project area during implementation. The area will be closed to public access during project implementation.

Funding for these projects is provided by the BLM. For more information please contact the BLM West Desert District at 801-977-4300 or go to www.blm.gov/ut/st/en/fo/salt_lake.html.
